

to fund an array of efficiency programs. These include: (1) a program to award incentive payments to States based on the level of energy savings each State achieves annually through consumer efficiency programs; (2) programs to award grants to States that implement building efficiency and recycling policies; (3) funding for the Weatherization Assistance Program for low-income persons and the Low Income Home Energy Assistance Program; and (4) grants to support State and local mass transit and “smart growth” projects to reduce vehicle miles traveled.

Subtitle D: Agriculture and Forestry Carbon Fund

Under Subtitle D, an estimated \$378 billion (4.5 to 5 percent of auction proceeds) will be used to fund a program, administered by the Department of Agriculture, to support projects by U.S. farmers and foresters that increase biological sequestration of carbon and reduce greenhouse gas emissions through improved agricultural soil management and forest management practices. USDA is also directed to undertake a supporting program of research, education, and outreach.

Subtitle E: Green Jobs Training and Worker Transition Assistance

Under Subtitle E, an estimated \$147 billion (1.5 to 2 percent of auction proceeds) will be used to fund the green jobs training programs established under the Energy Independence and Security Act of 2007, and a program, administered by the Department of Labor, which will provide training, income support, and tax credits for health care insurance for up to two years to any workers affected by the transition to a new low-carbon economy.

Subtitle F: National Climate Change Adaptation Program

Under Subtitle F, an estimated \$185 billion (2 to 2.5 percent of auction proceeds) will be used to support a comprehensive program to increase America’s resilience to the impacts of climate change. Under this program, NOAA will periodically assess America’s vulnerability to such impacts and provide assistance to federal, state, local, and tribal decision makers in developing adaptation strategies. Subtitle F directs federal agencies to develop and implement plans to address climate change impacts within their jurisdictions and provides funding for State, local, and tribal government projects to reduce vulnerability to climate change impacts.

Subtitle G: Natural Resource Conservation Fund

Under Subtitle G, an estimated \$147 billion (1.5 to 2 percent of auction proceeds) will be used to support measures, implemented by federal land and natural resource management agencies, the States, and Indian tribes to protect U.S. natural resources, wildlife, and fisheries against adverse impacts from climate change.

Subtitle H: Climate Change Education and Centers for Excellence

Under Subtitle H, an estimated \$2 billion (\$50 million per year) will be used to provide support, through the National Science Foundation and EPA, for the development and implementation of climate change education programs and to provide cost-sharing grants supporting the establishment, at colleges, universities, and non-profit organizations, of national centers for excellence on climate change science, technology, and policy.

TITLE IV—ENCOURAGING GLOBAL ACTION

Subtitle A: International Forest Protection Fund

Under Subtitle A, an estimated \$147 billion (1.5 to 2 percent of auction proceeds) will be

used to support policies in qualifying developing countries that reduce emissions from deforestation and forest degradation or increase carbon sequestration through restoration of forests and degraded lands, afforestation, and improved forest management. Countries that initially do not qualify are eligible for capacity-building grants to prepare them for participation.

Subtitle B: International Clean Technology Fund

Under Subtitle B, an estimated \$301 billion (3.5 to 4 percent of auction proceeds) will be used to provide support for the adoption of clean energy and efficiency technologies by major-emitting developing countries that the President certifies as having taken “comparable action” to combat climate change, taking into account the country’s level of economic development.

Subtitle C: International Climate Change Adaptation Fund

Under Subtitle C, an estimated \$185 billion (2 to 2.5 percent of auction proceeds) will be used to support an international adaptation program, to be administered by the U.S. Agency for International Development, which will fund projects to assist the most vulnerable developing countries in adapting to the impacts of climate change.

TITLE V—LEGAL FRAMEWORK FOR GEOLOGICAL SEQUESTRATION OF CARBON DIOXIDE

Title V amends the Safe Drinking Water Act to require EPA to develop comprehensive regulatory standards for underground injection of carbon dioxide, and directs EPA to establish a task force charged with providing Congress with recommendations regarding the legal framework to govern liability with respect to closed geological storage sites.

TITLE VI—BUILDING EFFICIENCY STANDARDS

Title VI incorporates provisions from the House-passed version of the energy bill from 2007, requiring the Department of Energy to develop model building efficiency codes that States are required to adopt and enforce. States that do so become eligible for funding from the National Energy Efficiency Fund (described in subtitle C of Title III).

TITLE VII—REVIEWS AND RECOMMENDATIONS

Title VII establishes a comprehensive framework for periodic review and reports to Congress, by the National Academy of Sciences (NAS), the Government Accountability Office (GAO), and relevant federal agencies, of all major aspects of the bill. Every five years, an interagency body will make recommendations to the President, and the President will in turn make recommendations to Congress, on changes to the framework established by the bill. Title VII also provides for expedited Congressional consideration of a presidential recommendation to tighten the bill’s emissions cap if the NAS’s findings indicate such action is necessary.

INTRODUCTORY REMARKS OF THE REV. EARL ABEL POST OFFICE NAMING BILL

HON. EMANUEL CLEAVER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 5, 2008

Mr. CLEAVER. Madam Speaker, as Mayor of Kansas City, Missouri and in my career as a Methodist minister, I had the distinct honor

of getting to know many of the dedicated community leaders whose sole purpose for being involved was to improve the lives of their fellow citizens. One of the best and most beloved of these leaders was the Reverend Earl Abel.

Reverend Abel was born on September 12, 1930. He attended the University of Kansas and went on to receive his Doctor of Divinity Degree from Western Baptist Bible College. Reverend Abel worked as a U.S. Postal Service mail carrier until he organized the Palestine Missionary Baptist Church in 1959.

Under Reverend Abel’s leadership, what started out as a modest church of 11 members grew into a thriving ministry, touching the lives of thousands of community members across Kansas City, Missouri. While he was pastor, Palestine Church built two senior citizens residences, a Senior Activity Center, and a church camp for both youth and adults. Even as he worked tirelessly to reach out through these programs, Reverend Abel’s involvement in the community did not end with his efforts at Palestine Church. Reverend Abel served as Chaplain for the Kansas City Police Department, President of the Baptist Ministers Union, member of the Kansas City Council on Crime Prevention, and authored a book entitled *If a Church is to Grow*. In 1999, Missouri Governor Mel Carnahan appointed Reverend Abel to the Appellate Judicial Commission.

On May 17, 2005, Reverend Abel passed away after 46 years of service at Palestine Missionary Baptist Church of Jesus Christ and more than 48 years as a minister of God.

Today I rise to offer a bill to honor this man by naming a post office facility in Kansas City after him. Given his early career as a mail carrier, it is only fitting for the location at 1700 Cleveland Avenue, in the heart of Kansas City, to carry his name. It is my hope that this small gesture helps ensure that the legacy of Reverend Abel lives on. A companion bill in the Senate will be filed today by Senator CLAIRE MCCASKILL, herself a tireless public servant and a friend of Reverend Abel.

I hope my fellow colleagues will join me in recognizing Reverend Earl Abel for his loving ministry and limitless dedication to serving the Kansas City, Missouri community. I thank the Chair and ask that the full text of the bill, and these remarks, be inserted into the RECORD at the appropriate place.

PERSONAL EXPLANATION

HON. BETTY MCCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 5, 2008

Ms. MCCOLLUM of Minnesota. Madam Speaker, because of an important event in my district, I was not present for the vote on H. Res. 923. Had I been present, I would have voted “yea.”

EARMARK DECLARATION

HON. DANA ROHRBACHER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 5, 2008

Mr. ROHRBACHER. Madam Speaker, pursuant to the requirements of the Republican
